

Enhancement Requests

1. Added option for iFleet users to submit a support request via the menu in iFleet. (Issue #7635)

Resolved Issues

1. Resolved an issue when applying a payment using simple check or cash payment options (non-merchant service related payments) that resulted in payments not appearing in Smart Service when added to iFleet. (Issue #7636)
2. Resolved an issue with custom PDF documents using Service Equipment User Defined Fields not populating the information from the serviced equipment user defined fields. (Issue #7637)
