

Minor Enhancements

1. Added support for .DOCX file formats during importing of files in iFleet. (Issue #7911)

Resolved Issues

1. Fixed a crashing issue when PDF Buttons are missing link URLs. (Issue #7878)
2. Resolved an issue with Alert text being cut off after a certain number of characters. (Issue #7888)
3. Resolved an issue in which moving an iFleet device from one database to another would not remove customers from the Add Job customer list. (Issue #7900)
4. Fixed a crashing issue with Custom PDF payment buttons. (Issue #7905)
5. Resolved an issue with iPad Dark mode causing attachment icon in Equipment list to be invisible. (Issue #7909)
