Resolved Issues

- 1. Resolved an issue where adding photos from the device gallery would result in an error. (Issue #8599)
- 2. Corrected an issue where having "Use Custom Work Order" enabled would cause the work order to be sent to the billing email instead of the service email. (Issue #8652)
- 3. If iFleet detects that Smart Service has been updated to version 111 or greater, the billing email address will be automatically copied to the service email field if blank. (Issue #8664)
