

## Enhancements

1. Re-added the alphabet side bar that appears when scrolling in the Job Items list, which was removed in Version 119. (Enhancement #9797)

## Resolved Issues

1. Fixed an issue with adding items to a Purchase Order. (Issue #9800)
2. Check scanning has been re-enabled with a new framework that is compatible with iOS 12. (Issue #9801)
3. Resolved an issue that could cause the app to crash if the app was minimized while viewing a PDF form. (Issue #9803)
