

Enhancements

1. Added the Purchase Order (internal) number and billable items columns to the waiting list column customizer. (Enhancement #8844)
2. Added “inventory on hand” at the site level for those using QuickBooks Advanced Inventory. This will display when looking at a dropdown of job items. (Enhancement #8845)

Resolved Issues

1. Resolved an issue where notes and job items were automatically highlighted when opening their tabs. (Issue #8620)
2. Added more details for “QuickBooks is not Running” prompts when QuickBooks reports no open company file. (Issue #8837)
3. Corrected an issue where the totals on statements were displaying incorrect values. (Issue #8857)
